

## PRE VISIT AGENDA

- I. **Your first appointment will be a consultation with the surgeon.** During this visit, the doctor will review your past medical and surgical history. He/she will perform a physical exam and review records received from other physicians as well as diagnostic studies. The physician will discuss your treatment options and the benefits and risks for any services they recommend. Surgery and/or procedures are not provided on the first visit to our office. To expedite your care please bring the following information to your consultation:
  - A. Insurance Cards and photo identification
  - B. List of current medications
  - C. A disc containing any radiology studies you may have had prior to your visit. The physicians prefer to review films personally rather than simply read a report prepared by another doctor.
- II. **Scheduling.** Once a recommendation has been made by the surgeon, you will sit down with our Scheduling Coordinator. She will schedule surgery and/or testing on your behalf and make sure you have a follow up appointment. She will also:
  - A. Verify Your Insurance Benefits
  - B. Obtain authorization from your Insurance Carrier
  - C. Advise you as to what your financial responsibility will be for surgery
- III. **Global Period.** Depending on what type of procedure is done, your follow up may be free of charge. Major surgeries have a 90 day “global period” during which you care is provided at no charge and included in the surgical period. Some procedures have no global period or a global period of 10 days.
- IV. **Diagnostic/Laboratory Studies.** If you are being sent for additional studies, you will be given a follow up appointment to review those results. We do not provide results over the phone. It is better to meet with the doctor face to face to discuss what the testing showed and determine the best treatment option for you.
- V. **Continuity of Care.** Throughout the process a copy of all of your medical records with our office will be sent to the referring provider and any other provider that you specify on your paperwork.

**OUR FIRST AND FOREMOST CONCERN IS YOU AND YOUR GOOD HEALTH!**

Needed for doctor's appointment on: \_\_\_\_\_

This authorization is for release of medical records and information including diagnosis, treatment, and/or examination related to mental health (psychiatry or psychology), drug and/or alcohol abuse, HIV testing/AIDS, and sexually transmissible diseases.

As required by state and federal law, North Orlando Surgical Group, Inc. may not use or disclose your health information, except as provided in our Notice of Privacy Practices, without your authorization. Your signature on this form indicates that you are giving permission for the uses and disclosures of the protected health information described on this form.

I understand that this authorization will remain in effect for one year or until I revoke it in writing. I understand that I may revoke this authorization at any time. I understand that if I revoke this authorization, I must do so in writing to health information and record management North Orlando Surgical Group, Inc. I further understand that any such revocation does not apply to information already released in response to this authorization.

I understand that state law prohibits the re-disclosure of the information disclosed to the persons/entities listed above without my further authorization, but that North Orlando Surgical Group, Inc. cannot guarantee that the recipient of the information will not re-disclose this information contrary to such prohibition.

I understand that I am under no obligation to sign this authorization. I further understand that my ability to obtain treatment will not depend in any way on whether I sign this authorization.

I understand that I have a right to inspect and obtain a copy of any information disclosed.

I hereby release North Orlando Surgical group, Inc. and its employees from any and all liability that may arise from the release of information as I have directed.

I hereby authorize North Orlando Surgical Group, Inc. to release health information as directed above.
